DETAILS

On August 15, 2002, at approximately 9:00 a.m., the bodies of Michael and Mary Short were discovered in their Bassett, Henry County, Virginia, home. Michael was found on the couch inside the attached garage of the home with an apparent gun shot wound to his head. His wife Mary was found lying in her bed and had suffered the same fate as her husband. The Short's 9-year-old daughter, Jennifer, was not located in the home and a search ensued for the missing child. Jennifer's remains were found on September 25, 2002, along a stream bed off of Grogan Road, Stoneville, Rockingham County, North Carolina. It was determined that Jennifer's death was caused by a gunshot wound to the head.

Several years prior to their deaths, Michael and Mary operated a business moving mobile homes. Mary was described as a shy, neat and extremely focused individual, who was actively involved in the family business. Jennifer appeared to be a happy little girl experiencing a normal childhood. She was an excellent student and actively involved in organized sports. Law enforcement authorities are seeking the public's help in locating the suspect(s) involved in the murders of Michael, Mary and their young daughter Jennifer Short.
